

# A RUSSIAN SORTIE

Naval Fight Said to be in Progress in Port Arthur Harbor

NO DETAILS AVAILABLE

Russians Believe Kuropatkin will Avenge Liao Yang. Russians Reports of Japanese Losses

## NO IMPORTANT DEVELOPMENTS

St. Petersburg, Oct. 6.—The expected battle between the Russian Manchurian army and Marshall Oyama's forces has not yet occurred and to-day's advices do not indicate any developments of an important character on the part of either army. The opinion seems general that the next battle of a decisive nature will occur at Tie Pass.

## RUSSIAN REPORTS OF JAP. LOSSES.

Lieut. Gen. Stoosse reports that the Japanese losses in the attacks on Port Arthur from September 19th to September 22nd were 10,000 men. He adds that the Japanese are now working actively and approaching by entrenchments and tunnels. The success of the Russian resistance at Port Arthur is believed in St. Petersburg to have a bearing on Oyama's failure to attack Kuropatkin.

## STEEL PLATE FOR JAPANESE.

Minneapolis, Minn., Oct. 5.—An enormous amount of steel plate is being shipped from here which is said to be for the Japanese government.

## A RUSSIAN SORTIE

London, Oct. 6.—It is reported here that the Russian squadron made a sortie and a great fight occurred in Port Arthur harbor. No details have been received.

## TO AVENGE LIAO YANG.

St. Petersburg, Oct. 6.—Friends of Kuropatkin are greatly encouraged at the outlook. Russia is determined to avenge Liao Yang. The formation of a third army is contemplated.

## C. P. R. BRANCH LINES

In Western Canada will be improved. The Company will construct two more Ocean Steamers. Calgary Irrigation scheme.

Bulletin Special Dispatch, Montreal, October 6.—At the annual meeting of the shareholders of the C.P.R. Company held here to-day the report of the directors was unanimously adopted. The retiring directors, Sir Geo. A. Drummond, K.C.M.B., Sir Sanford Fleming, K.G.C., Mr. Geo. R. Harris, and Mr. Wilfrid D. Matthews, were re-elected. It was decided to construct two additional ocean steamers. The sale of consolidated debenture stock to provide the cost of construction of the Toronto to Sudbury branch was adopted.

Sir Thomas Shaughnessy presented an address. In it he referred to a second track between Winnipeg and Port William to be begun at once. The main tracks in the West are in good shape, but improvements to be made on the branch lines. Reference was made to the Calgary irrigation canal. The present expenditure will cover the cost of lateral canals serving three hundred thousand acres. If the project is successful the company will ask authority for an expenditure covering nearly three million dollars.

### THE PLAY

Another crowded house greeted the local Confederate spy company in their rendering of this popular military drama last evening in Robertson hall. Every seat was taken and a number were standing. The audience were very appreciative, and the players were at their best. Arthur E. Hopkins as Geo. Waterman, a young unionist, took his part exceptionally well. P. C. Kidston represented Philip Bradley, the Confederate spy. In this part Mr. Kidston surpassed himself and won hearty and repeated applause. The audience forgot the real character and saw only the scheming spy who was such only from a lofty sense of patriotism. His headlong daring and clear ringing voice made him a great favorite last night. Harry M. Williams as Sockery Schmidt, the drafted Dutchman, brought down the house. His get up was perfect, the dialect all that could be desired. Many failed to recognize Harry in the character and the enthusiastic applause accorded him on his every appearance on the stage was all the greater on this account. Miss Eva Protheroe as Maud Bradley, the sister of the spy, was very greatly appreciated. There was just enough sentiment in the part to make it realistic. Miss Nellie Campbell as Mrs. Waterman took a difficult part to perfection. Miss Pearl Grant as Nora McLeggin who had a particular dislike to all "haythin chinazers" and who figured in other parts of the production took her part splendidly. Guy Watkins as Clay, a colored youth, played his part very skillfully and was well received. Geo. Adams as Colonel Willard and W. J. Holloway as Major General Banks, of the United States army took the part to the life. E. Greenwood as Fred Ainsley, a rebel aide de camp from Jackson's lines, played the part of the reckless, daring southern soldier to the entire satisfaction of the most critical. Percy Olds as officer Mulgarry was good. The young ladies, Misses Tidsberry, McCauley, Greenwood, Grant and Crafts, who took the part of the villagers, did so to perfection, having a very pretty appearance on the stage.

Between the acts, E. McLeod rendered a solo, which was well received. Howard Stuchbury gave a splendid rendering of the Boys of the Old Brigade, while Guy Watkins delighted the audience with his Con song and dance.

Clarke's orchestra provided the music, which is sufficient to say that it was of the very choicest.

Two splendid tableaux were shown during the play. The one entitled "The Soldier's Dream" being particularly pretty.

In general opinion the play, for an amateur production, was one of the best if not the best given in the city in recent years.

The play will be reproduced in Robertson hall this evening, the proceeds to go to the Public and General hospitals.

Ottawa, Oct. 5.

"F. Oliver, Esq., Edmonton—

## Charter Amendments are Withdrawn

Herald.

The Council has decided not to press the charter amendment by which it was sought to assess personal taxes on a rental basis, and changing the date of the assessment so as to permit the city to raise the money before it is spent each year.

This conclusion was the result of a suggestion from R. B. Bennett, M. L. A., who appeared before the meeting and explained the situation at Regina. The almost certainty of the appointment of a civic commission to investigate municipal government in the Territories and draw up a plan by which all will be administered alike is the motive for holding up amendments to the Calgary charter. Edmonton is asking radical privileges and the whole question will probably be gone into very elaborately.

Two feet of snow fell in the Calgary district Tuesday.

F. Oliver, M. P., will address a public meeting in Fort Saskatchewan this evening on the questions of the day.

## CROP REPORT

## FOR NORTHERN ALBERTA

The Territorial Department of Agriculture issues report showing crop conditions

The Territorial Department of Agriculture has issued a pamphlet dealing with the conditions of Territorial crops at harvest time, September 15th.

District No. 12 has an area of 48,286 square miles and comprises the Edmonton, Strathcona and Wetaskiwin Districts. It includes the country adjacent to the line of the Calgary & Edmonton Railway from Wetaskiwin north and the settlements along the Saskatchewan Valley, also a large tract of unsettled territory.

Regarding the weather in this district the report says:

The weather in this district since July has been warm with occasional showers. Slight frosts occurred in the North-Western part of the district in July and near Bruderheim on August 12th. There was a rather severe and extensive hailstorm in the country north of Edmonton on August 17th.

The crop expectation as given in the report is:

Spring wheat, 741,000 bushels.  
Fall wheat, 4,500 bushels.  
Oats, 3,914,000 bushels.  
Barley, 1,335,500 bushels.  
Flax, 4,500 bushels.

The report adds that damage from frost is not considered serious, and crops are being harvested in good condition and are expected to show a very satisfactory yield. There was no rust in the district. Harvest commenced August 22nd and was practically completed by the first week of September. Threshing will start about the end of the month.

The pelts are all choice furs and were purchased in the North by the Winnipeg branch of the historic company. The consignment is valued at \$250,000. They are packed in 167 bundles and the car in which they were taken over the C. N. R. was securely locked. The valuable cargo was loaded into the steamer Wabouadon at Port Arthur and will be taken into an ocean steamer and taken to its destination.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clause 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides, 89 acres substandard.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

### Burglary at Prince Albert

Times, Sept. 26.

The town has been so long immune from burglaries that someone had to make a break; and the break came Tuesday night or rather, early Wednesday morning, when both the Royal and Queen's hotels were broken into, the cash registers rifled and goods taken from the bar storerooms. Evidently there had been more than one man employed on the job, for no one man could carry through the contract without help. At the Royal hotel, entrance was made to the bar by a thin board partition which was cut out to let a small box stove through. A tin shield went all the way around the stove and this had been bent out of position and the stove moved far enough to allow a man's body to pass through. The till of the cash register was lightened. Its change, about \$6, and besides this a quantity of liquors and cigars were taken. The total loss in this case amounts to between \$75 and \$100. At the Queen's, entrance was made by removing a pane of glass from the rear window. Once inside, the burglars unfastened the bar doors into the main hallway and by opening the front doors, secured a free road to the street. Here also the men secured a quantity of cigars and liquors but this is comparatively a small loss for they took the cash register also. This they carried to the ice house in the rear of the hotel and commenced to open it with an axe. Evidently fearing that this would make too much noise, they secured

a gas pipe crow bar from the ice house and returned again to the scene of operations. This time they selected the wood pile at the rear of Mr. Andrew McDonald's residence on McLaren street. Here they put the register out of business with a crow bar, securing about \$40 in change. The proprietors of the Queens estimate their losses at about \$325 to \$350, made up as follows:—Cash register destroyed, valued at \$215; \$40 in change and the balance in liquors and cigars from the bar storerooms. The men were up to their business no doubt, for little or no clue was left behind them to work on in tracing them. Of course suspicion is directed against certain parties, but whether or not this will develop as correct, remains to be proven.

## MADE BY HAND

I HAVE each Pharaoh cigar rolled by hand! I do this in order that the leaves that go

into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicureagua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

## LOCAL

Train three and a half hours late.

—H. W. McKearney is placing 236 town lots in the town of St. Albert on the market at once. These subdivisions of lots front on the Sturgeon river and will very nearly fill up the eastern portion of the town site. As the town site boundaries are only half a mile from the St. Albert bridge, these lots are very desirable, and being beautifully situated, high and dry and very cheap should find ready sale.

—A public meeting will be addressed by Frank Oliver, M. P., on the questions of the day in Robertson Hall tomorrow evening. Everybody is invited to be present.

—We are compelled to hold over for to-morrow's issue a report of the Protestant public schools.

—The weather during the last few days has been disagreeably cloudy and the roads and walks have not dried up since the recent rains. The weather has also been cold and some snow has fallen, although scarcely enough to whiten the ground. Northern Alberta, although experiencing a spell of disagreeable weather, has escaped a much greater storm that has swept over Southern Alberta and the Western States and has been accompanied by a heavy snow fall. Calgary had four or five inches of snow yesterday and Sheep Creek had about two feet of the beautiful. A land seeker who arrived in the city last night from Calgary says that a prominent Calgary citizen advised him not to come to Edmonton saying that if Calgary had four inches of snow, Edmonton would be sure to have three feet of it. He was agreeably surprised on reaching here to find no snow at all.

—A. B. Lowe, of Kingston Ontario, first grand Vice President of the International Brotherhood of Maintenance of Way Employees is in the city to-day in the course of a trip through the west.

—The Confederate Spy in Robertson Hall this evening in aid of the hospitals.

—The first annual convention of the W. C. T. U. of Alberta takes place in Calgary next Wednesday and Thursday. Mrs. Rutherford, president of the W. C. T. U. and Mrs. Craig preside.

DAY AND NIGHT

dent of the Territorial Association will be present and deliver addresses. The convention will be held in the Baptist church.

—The Confederate Spy will be reproduced in Robertson Hall this evening. Bumper houses have greeted this amateur production the past two nights and it is expected the hall will be again filled this evening. The proceeds will be donated to the Public and General Hospitals.

—Eight elk and four deer escaped from the Banff National Park the other day and after an exciting chase by the keepers were driven back into the enclosure.

—Owing to the inclemency of the weather on Saturday last the Golf August button competition, which was to be played on that day, was postponed until next Saturday.

—Mr. F. E. Allport, B.A., B.Sc., Camb., arrived last night from the south. He will assist the Rev. H. A. Gray and take charge of the work in the north-east end of the town.

—Rev. G. H. Kerby, B.D., of Calgary, will deliver his popular lecture on "The March of the Twentieth Century," in the Methodist church this evening. Mr. Kerby is known as one of the most pleasing and entertaining platform speakers of the West, and for some years has been recognized as one of the leaders among young men. In addition to this lecture a programme of music will be rendered.
